

Aprire il programma Word

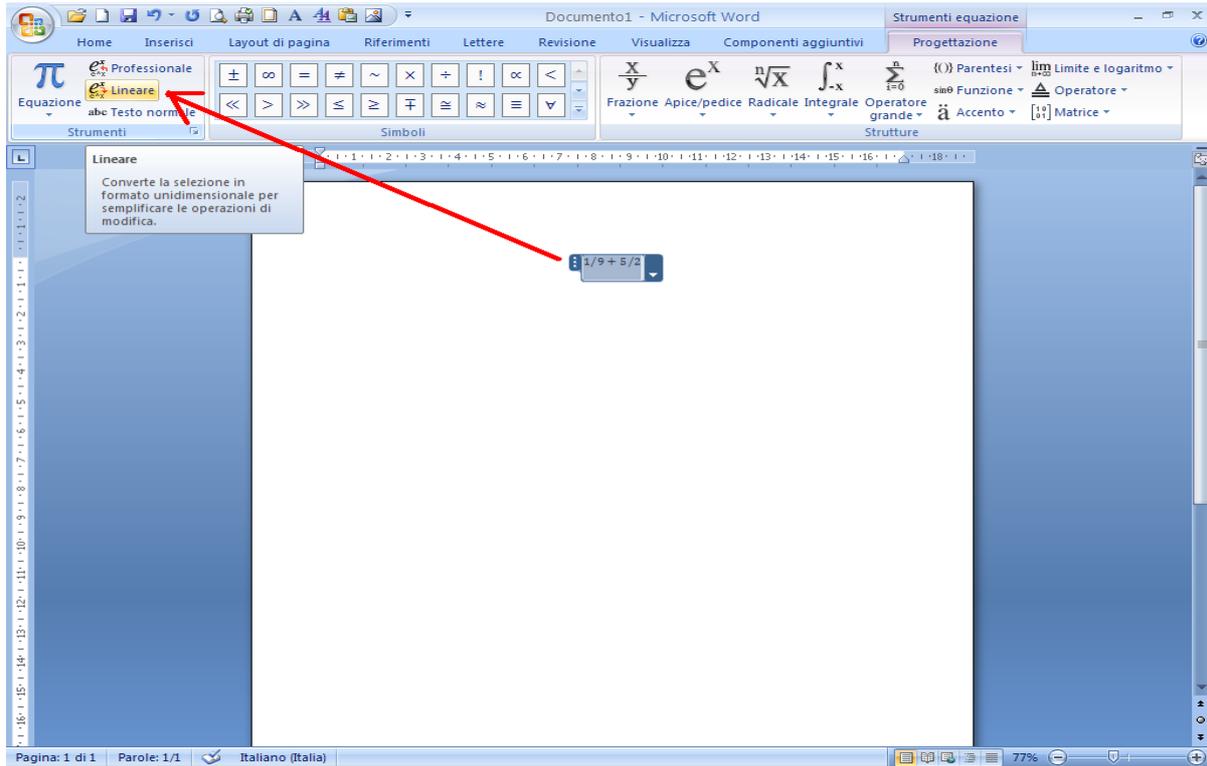

e fare come indicato dalle frecce prima inserisci e poi equazione

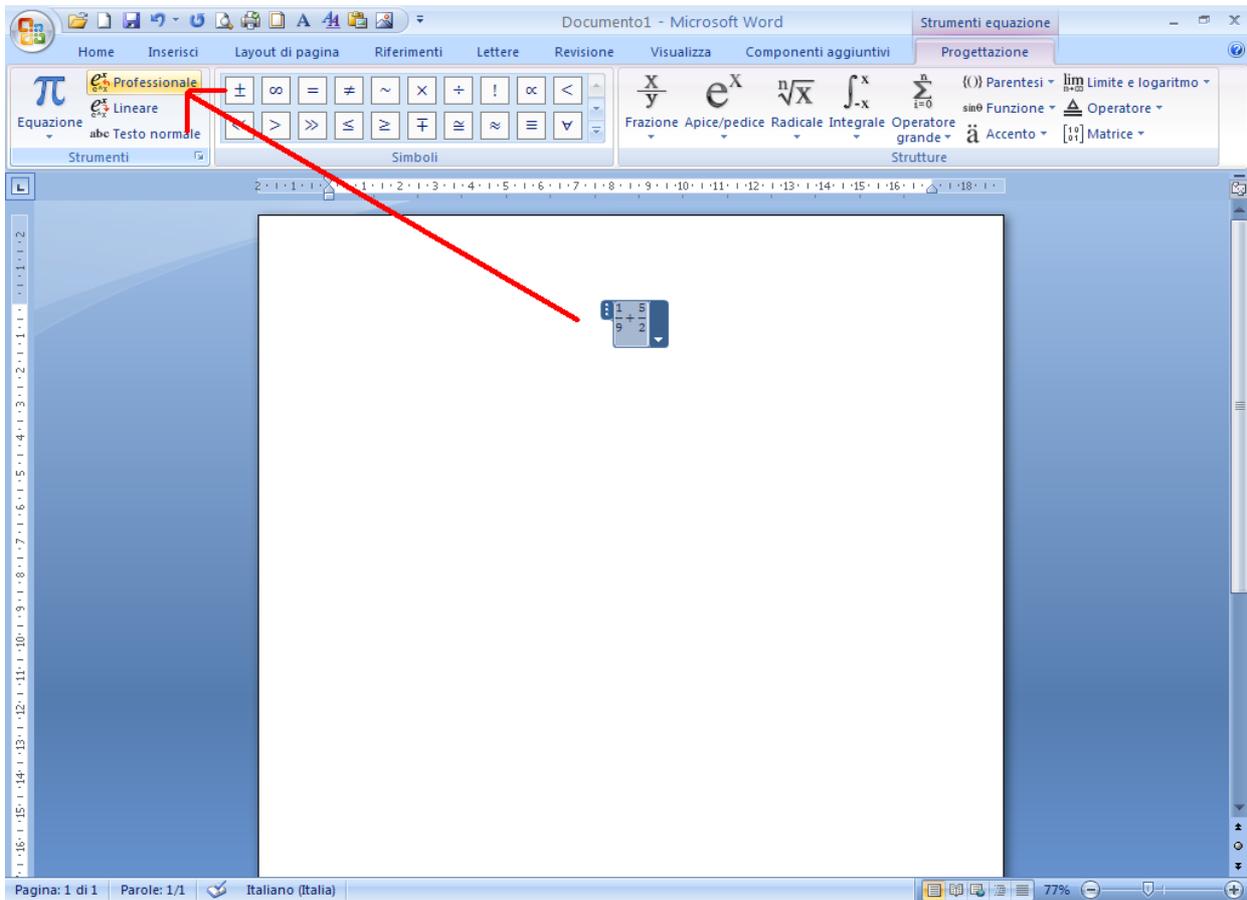

Inserire l'espressione all'interno del quadrato

potete scrivere o il maniera lineare

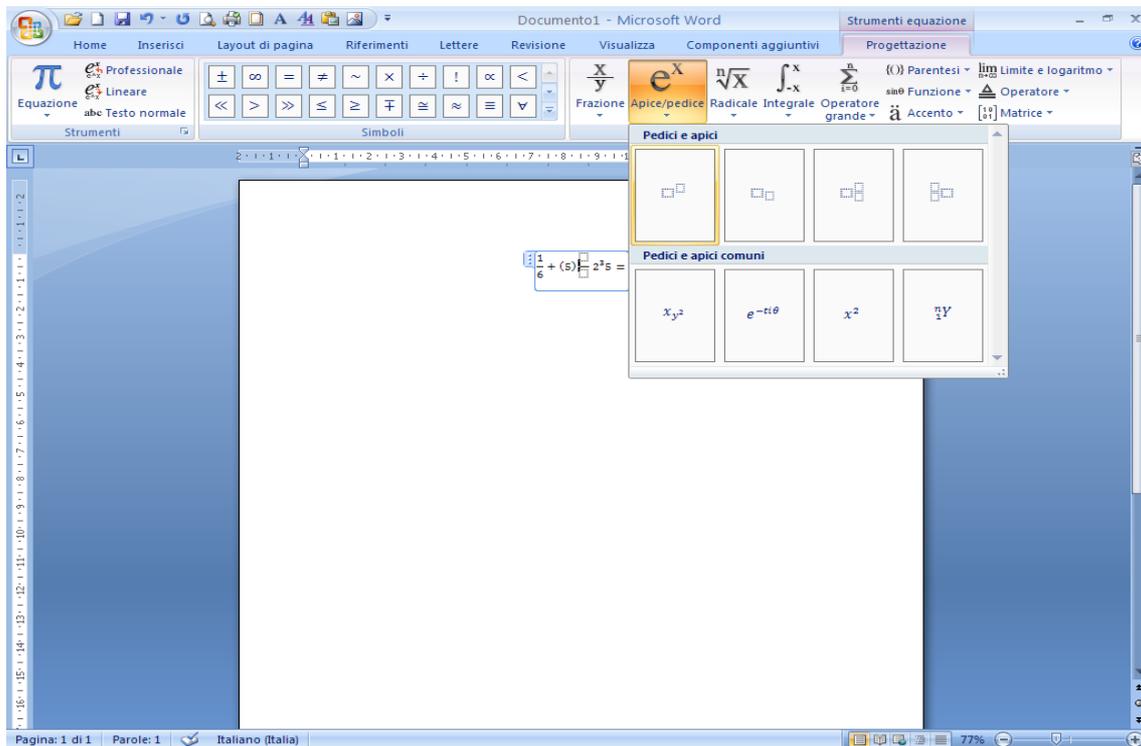

o in maniera professionale

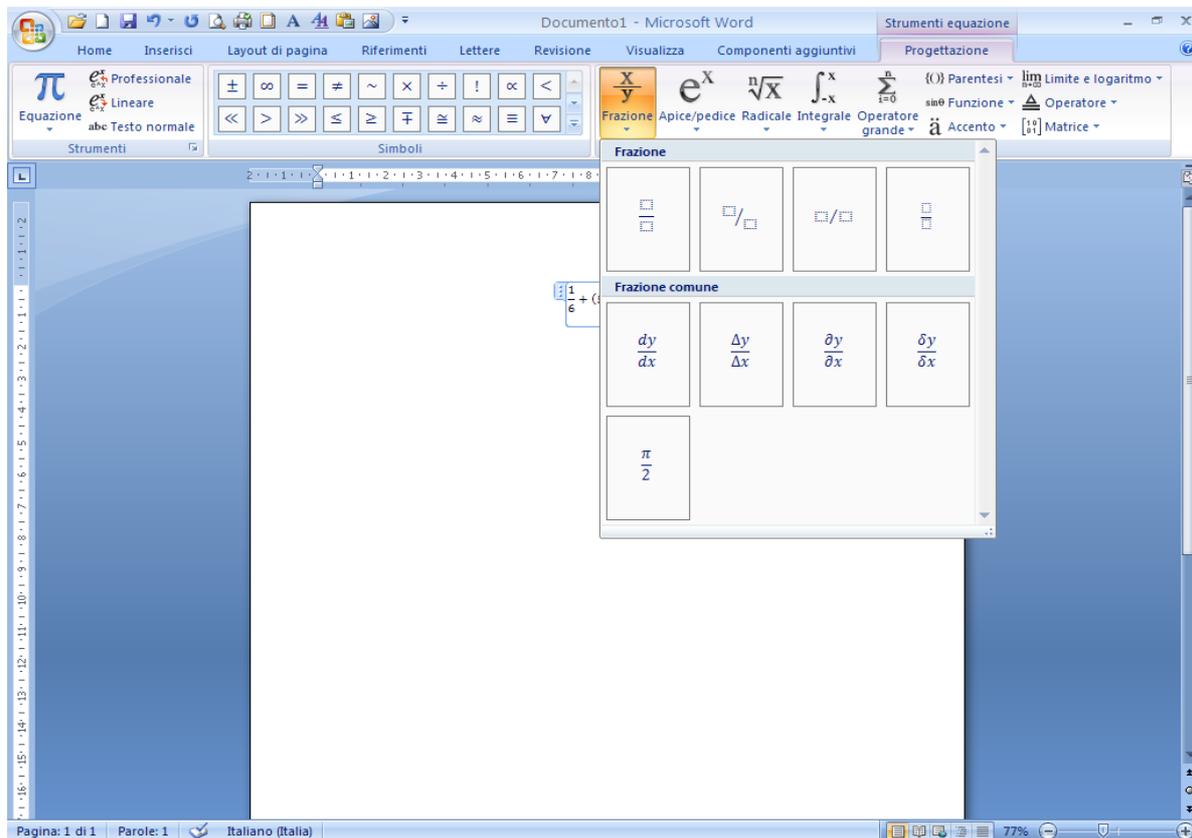

Ora divertitevi a scoprire le varie funzioni

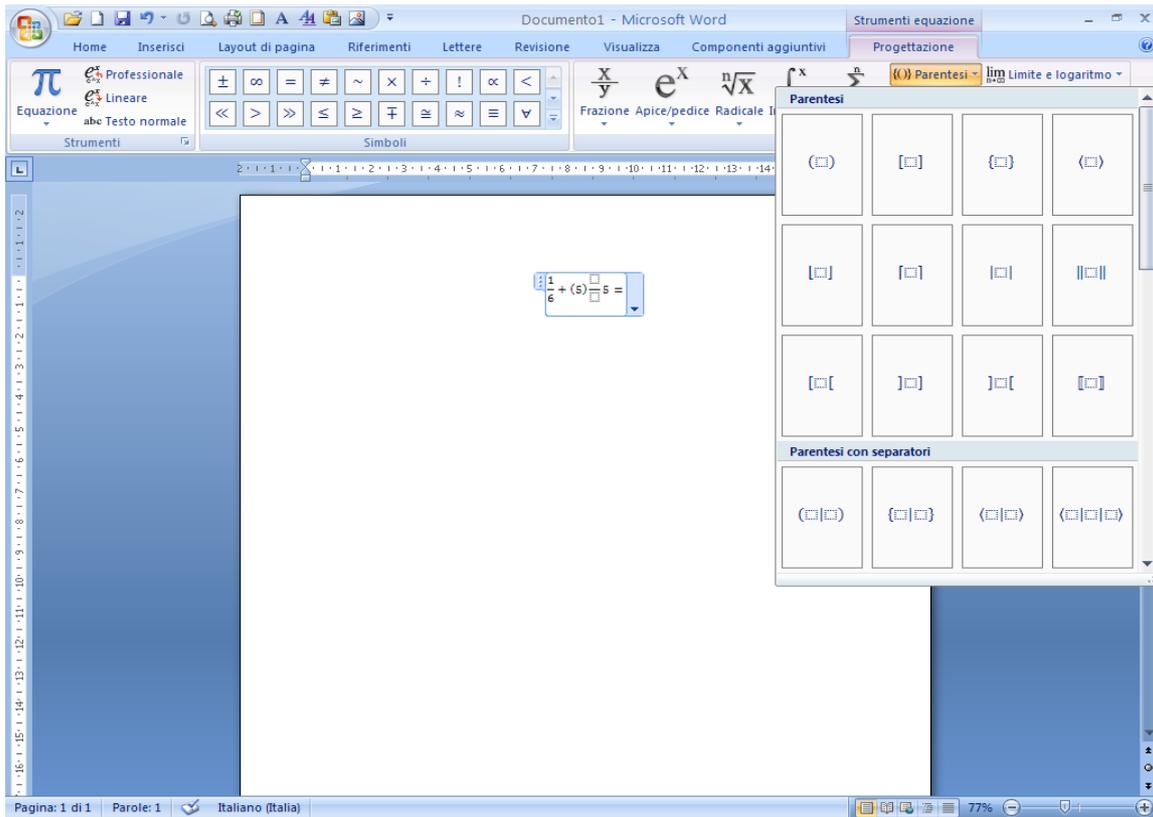

Per scrivere le potenze

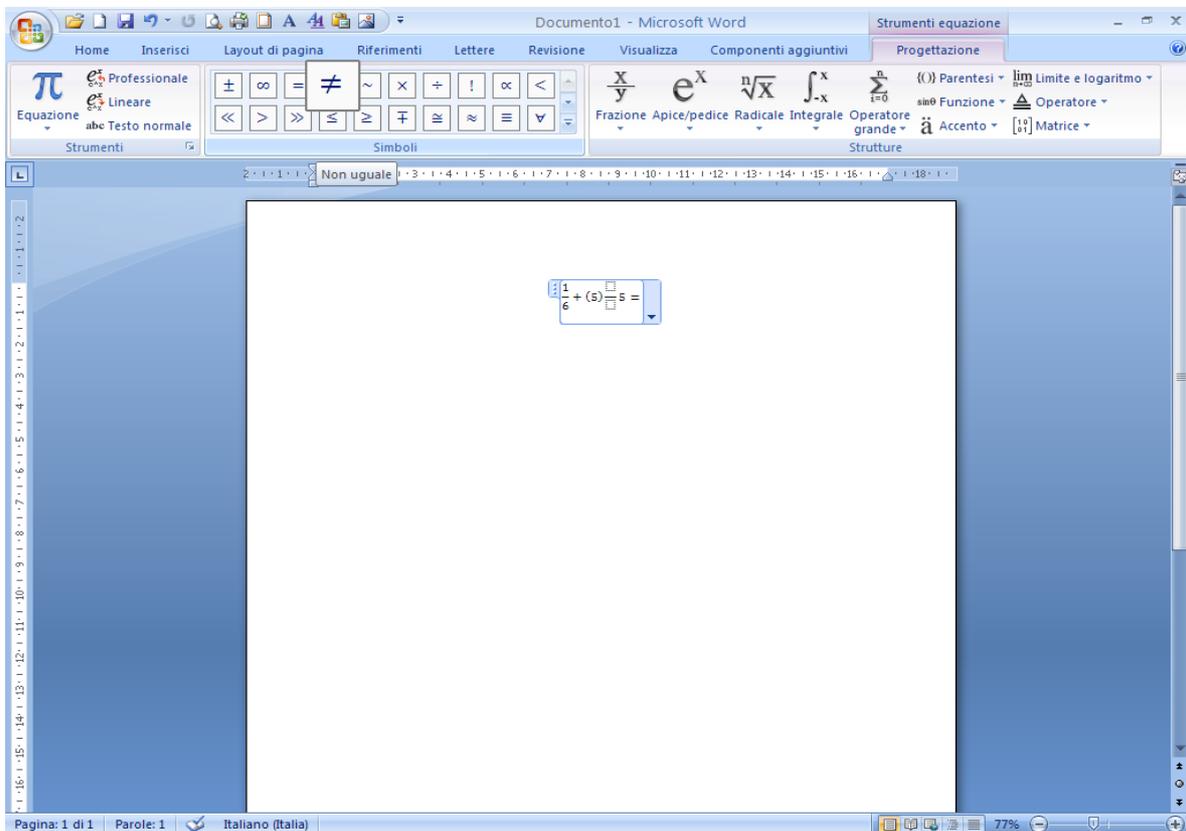

Le frazioni

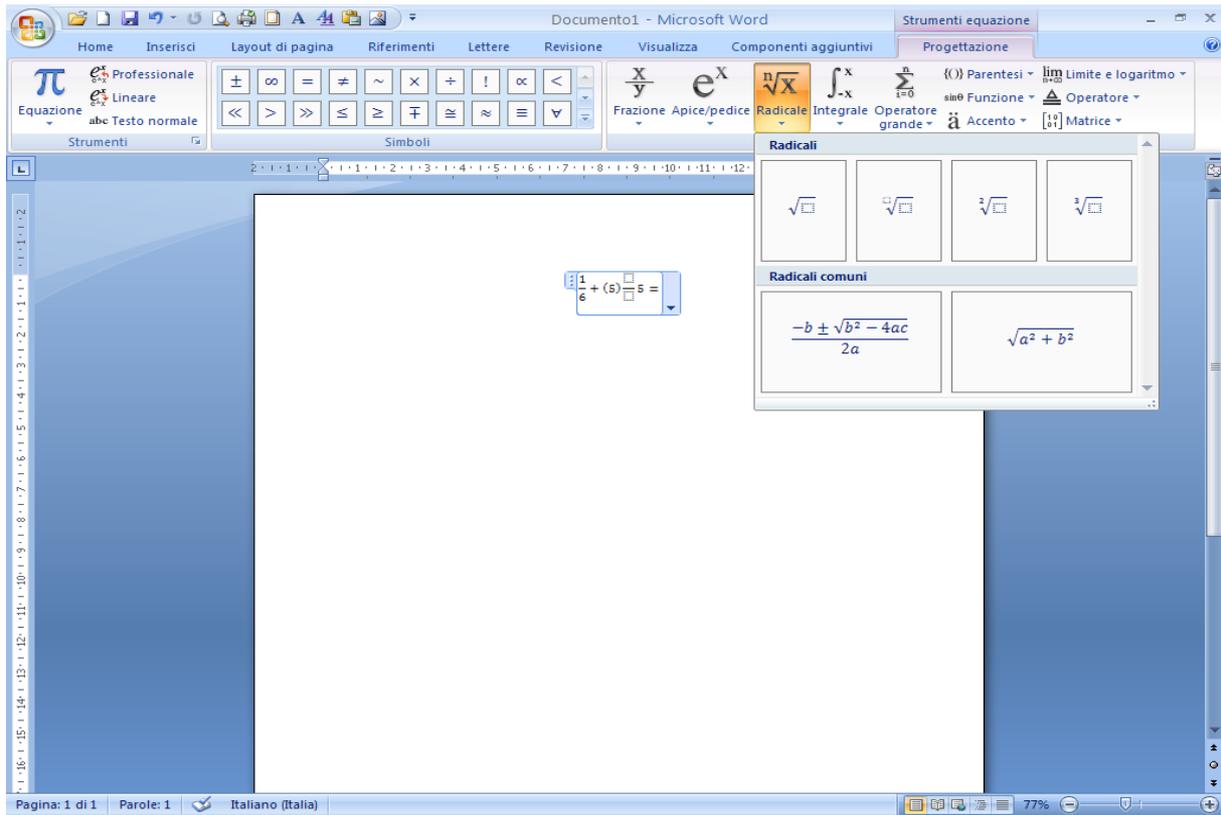

per fare tutti i tipi di parentesi

per inserire tutti i tipi di simboli: congruente uguale disuguale, maggiore minore ecc.....

per la radice quadrata

e molto altro .....

Buon Lavoro
